Developed by:

• Celanire Flagg – CIT Coordinator
• Lori Howard – CASAS Program Specialist Coordinator
• Portia La Ferla – CASAS Program Specialist
Goals and Objectives

Goal: CIT Administrators will be able to give the CIT test remotely

• Identify the agreements necessary for CIT remote testing.

• Identify and implement the procedures necessary for effective CIT remote test implementation.

• Identify the tools that will assist in appropriate CIT remote implementation.
CASAS CIT Remote Test Training

Agenda

• Overview
• Implementation
• Guidelines and Tools
CASAS EL Civics CIT Remote Testing Overview
EL Civics CIT Remote Testing Benefits

• Good for students and teachers to see their progress
  • Opportunity to assess students who have recently completed significant learning
  • Provides students with helpful feedback
  • Keeps students engaged in learning
  • Prepares students for USCIS test
  • Provides closure and useful information for teachers
• Agencies can use this time to build capacity
  • Establish procedures
  • Train staff
• Be prepared for the future with distance learning as a regular and essential part of your program.
• Remote testing is the wave of the future for distance learning.
Remote Testing Challenges

• Access to Technology (equity concerns)
  • Appropriate devices for CIT Administrator and student
  • Internet bandwidth – competition with others in household

• Student test environment
  • May lack privacy
  • A quiet place to test without distractions

• Test security
  • Confirmation of Student ID
  • Verbal Student Agreement to Remote Testing Security Procedures
  • Agency secure storage of remote testing materials
CIT Remote Testing – Additional Requirements

• Additional Training
  • *Remote CIT Testing Training*

• Delivery Modifications
  • CIT Administrators or CIT Certifiers follow *CIT Remote Testing Guidelines* in addition to the *CIT Test Administration Directions*.

• Remote Testing Agreements
  • Agency – one agreement per agency for all remote assessments
    *Agency Remote Testing Agreement*
  • CIT Administrator – one agreement per CIT Administrator
    *Proctor Remote Testing Agreement*
  • Student – oral agreement given at the time of testing

• Test Security Measures
  • Agencies and CIT Administrators are responsible to ensure test security in remote setting.

Procedures

• Add agency-determined remote testing procedures to the *Local Assessment Policy*.  
• CIT Administrators practice with selected technology before using with student in a remote testing environment.  
• Schedule remote testing of students who have completed citizenship preparation.
Administering the CIT Test Remotely

- Administer CIT test form 973 or 974 following *CIT Test Administration Directions* and *CIT Remote Testing Guidelines*.
  - CIT Test administration is a 1:1 test. No group testing is permitted.
  - CIT Administrator scores student’s performance in test booklet (paper or fillable PDF).

Security of Testing Environment

• Obtain verbal and/or visual confirmation of privacy and security measures.
  • Confirm test taker identity.
  • Using the language in the CIT Remote Testing Guidelines (see next slides):
    • check that the student is alone and not getting assistance from people or items that are not appropriate during testing.
    • have student sweep the room with a video camera before and after the test session (if possible).

CIT Remote Testing Guidelines (excerpt)

You must communicate with the test taker about privacy and security and receive several verbal confirmations.

You must say, “Before we start, I need to go over a few important things. I will also ask you some questions. You need to answer Yes or No to each question. Do you understand?” The test taker must answer, “Yes”.

If you are going to record the interview* you must say, “I am going to record this interview. Do you give permission to be recorded?” The test taker must answer, “Yes”.

*Initial CIT Certifiers must record 2 interviews and submit to CIT@casas.org

CIT Remote Testing Guidelines (excerpt) continued

The test taker must verbally confirm that no other people are in the room and that the work the test taker submits will be their own. You must ask the following questions:

1. “Is anybody else in your room?” The test taker must answer, “No”.
2. “Will you take the test by yourself?” The test taker must answer, “Yes”.
3. “You cannot use notes, books, or your computer to find answers. Do you agree?” The test taker must answer, “Yes.”
4. Test takers must verbally confirm that they will not share test items. You must state “You cannot share any test questions or answers. Do you agree?” The test taker must answer, “Yes.”
Administering the CIT Test Remotely continued

- Administer the test.
- Turn in test results to data person for entering into TOPSpro Enterprise (TE).
- Data person must check the “remote delivery” box.
CIT Test Booklet Storage Policy

• Agency determines policy for keeping remote testing booklets secure for auditing purposes.
• Test Booklet Storage Policy:

  Blank and used test booklets need to be kept in a locked secure cabinet (print) or computer (digital). These need to be kept for three years plus the current year in a central agency location for auditing purposes, unless an agency knows that they will be the subject of an ongoing audit, in which case they must keep records for 5 years. (See the CASAS Administration Manual for additional information related to saving and archiving documents.)

Goals and Objectives

Goal: CIT Administrators will be able to give the CIT test remotely

- Identify the agreements necessary for CIT remote testing. √

- Identify and implement the procedures necessary for effective CIT remote test implementation. √

- Identify the tools that will assist in appropriate CIT remote implementation. √
Reflection

• With whom at your agency will you discuss remote CIT implementation such as:
  • *Agency Remote Testing Agreement?*
  • *Local Assessment Policy?*
  • best technology for your citizenship preparation students?
• How will your agency survey teachers and students about CIT remote implementation?
Thank you for attending!
