

2026–27 Ordering Guide

For California WIOA, Title II: AEFLA Funded Agencies

This ordering guide lists materials that California WIOA, Title II: AEFLA funded agencies (Agencies) receive free of charge to support the California WIOA, Title II: AEFLA grant. This ordering guide includes a series of assessments appropriate for learners in ESL, ABE, and ASE (HS diploma and HS equivalency). Items not listed in this guide can be purchased through the [CASAS Catalog](#).

Agencies shall use only reading and/or listening tests for ESL learners including EL Civics and Integrated English Literacy and Civics Education. Agencies shall use only reading and/or math tests for ABE and ASE learners.

Agencies notified and funded by CDE for fiscal year 2026–27 will receive sufficient materials at no cost to satisfy their estimated population.

- For [CASAS eTests Units \(TEUs\)](#), agencies may obtain up to three times the estimate ABE, ESL, and ASE total enrollment.
- In determining the number of test booklets needed, agencies should estimate the total unduplicated enrollment in ABE, ESL, and ASE for the 2026–27 Program Year and divide it by three. The number of test booklets ordered should not exceed this amount.
 - Agencies should use test booklets at least six to eight times before requesting replacement materials.

Place your order using the [California WIOA, Title II: AEFLA order form](#) attached to this document or through online ordering for all materials listed in this guide.

If you are ordering CASAS materials for a non-California WIOA, Title II: AEFLA funded program or California Adult Education Program (CAEP) agency, [see our CASAS Products Overview page](#).

CASAS eTests

CASAS eTests are available for the following series:

- STEPS
- GOALS 2
- Citizenship

CASAS eTests also provides short locators that accurately places the test taker into the appropriate pretest automatically. Administer a computer-based Locator in place of an Appraisal.

Each test administration deducts one Enhanced TOPSpro Enterprise Unit (TEU). For example, one appraisal, one pretest, and one post-test in reading require three TEUs. The Locator plus pretest option deducts only one TEU.

Product Title	Code
Enhanced TOPSpro Enterprise Unit (TEU)	TEU-0001

Appraisals

Appraisals provide a quick, general indicator of reading, math, or listening abilities. Appraisal scores also determine which pretest to administer for progress testing (pre- and post). Appraisals may never be used as a pre- and post-test to measure progress.

Pre- and Post-Tests

The California Department of Education requires all WIOA, Title II: AEFLA funded agencies to administer pre- and post-tests to document learning gains for state and federal reporting. Agencies may administer reading and listening or reading and math assessments as appropriate for the instructional program. Agencies may use the corresponding appraisal form to the test series.

Please note that all tests are packaged in sets of 25 unless otherwise noted.

Pre- and Post-Tests for ESL Programs

STEPS measures reading comprehension skills of adults by assessing a subset of what ESL program teach. The series is aligned with the National Reporting System (NRS) Educational Functioning Levels (EFLs) and to the English Language Proficiency Standards for Adult Education (2017). The series uses a balance of life skills and employment-related content of interest to adults.

Other Assessments

Government and History for Citizenship

The Government and History for Citizenship test assesses each learner's ability to demonstrate basic knowledge of U.S. government and history. It is appropriate for ESL and EL Civics learners who are preparing for the new U.S. Citizenship and Immigration Services (USCIS) citizenship test.

Product Title	Code
Government and History Test Administration Manual with two CDs	CIGHTAM
Government and History Test booklets Form 965 (set of 25)	CIGH965
Government and History Test booklets Form 966 (set of 25)	CIGH966
Additional CD (optional) Form 965	CD965
Additional CD (optional) Form 966	CD966

The materials listed above offer a standardized approach to test administration and address USCIS test content. The test format allows students to hear test questions on a CD and to choose the correct answer by reading four multiple-choice options in an accompanying test booklet. This format allows students to demonstrate the listening skills necessary to understand questions posed during a USCIS interview.

Test booklets for this assessment are reusable. The Test Administration Manual includes optional Citizenship Reading and Dictation components with instructions for administration and scoring.

The Citizenship Interview Test

The Citizenship Interview Test (CIT) assesses listening and speaking skills of adult ESL and citizenship learners. The CIT helps programs determine if an individual is ready to

pass the USCIS naturalization interview. This test focuses on personal identification and topics from the N-400 Application for Naturalization. It does not focus on history and government questions. The alternate form of the test may be used if the student does not pass the first time.

An online self-paced training module is required to report Citizenship Interview Test results for EL Civics programs. See [Citizenship Assessments page for Certification Training](#) ordering information.

Special Needs

Adult Life Skills Assessment

The Adult Life Skills series allows instructors to monitor the learning progress of those with intellectual disabilities and other beginning literacy needs. The series allows test-takers to respond in their preferred mode of communication, thus enriching the testing experience. This series assesses progress in reading comprehension at four levels, 2A to 5A, pre-beginning to beginning literacy. Tests are administered one-on-one. The series uses a customized appraisal test to determine the appropriate pretest for each individual.

Please note: Training to use the Adult Life Skills assessment is required to order any materials. Assessments are administered one-on-one.

POWER

The POWER (Providing Options for the Workplace, Education, and Rehabilitation) series is targeted toward adults with intellectual disabilities who do not perform well on paper tests. POWER is powerful — and all components have been validated for those with intellectual disabilities enrolled in adult education, community colleges, supported employment, developmental services, and transition programs. POWER performance-

based assessments are available at levels 2A to 4A, pre-beginning to beginning literacy. The series includes assessments, observation guides, and curriculum modules.

Please note: Training to use the Adult Life Skills assessment is required to order any materials.

Curriculum Support

QuickSearch® Online

Agencies can access [QuickSearch Online](#) at under **Product Overviews > Curriculum Management and Instruction > Instructional Materials: QuickSearch Online**.

QuickSearch Online is a no-cost easy-to-use database of instructional resources coded to skill levels, skill areas, and CASAS Competencies. QuickSearch is your link between testing and instruction.

- Facilitate curriculum development!
- Target instruction based on test results!
- Simplify lesson planning!

CASAS tests measure reading, math, listening, speaking, and writing skills in contexts of everyday situations. Test results provide feedback to target instruction. Through the competencies, educators and trainers can identify curriculum materials that target specific needs at appropriate instructional levels.

QuickSearch Online lists print, audio, visual and computer-based instructional materials and correlates them to CASAS Competencies by instructional level, type of learner, mode of instruction, and links to selected pre- and post-assessments.

By using our system and incorporating CASAS Competencies and Content Standards into your curriculum, your program can meet learner and program needs and fulfill federal, state, and local reporting requirements.

Practitioners and curriculum specialists review all materials contained in QuickSearch.
