California EL Civics

The English Literacy and Civics (EL Civics) is funded under The Workforce Innovation and Opportunity Act (WIOA), Adult Education and Family Literacy Act (AEFLA, 2014). The purpose of the EL Civics program is to support projects that demonstrate effective practices in providing and increasing access to English Literacy programs linked to civics education.

This funding is for "integrated English literacy and civics education services to immigrants and other limited English proficient populations." According to Congress, to effectively participate in education, work, and civic opportunities in this country, immigrants and other limited English proficient persons must not only master English, but be able to understand and navigate governmental, educational, workplace systems and key institutions, such as banking and health care. The California Department of Education (CDE) Adult Education Office has offered grant awards for EL Civics Education to promote the development of integrated programs that incorporate English Language and

Needs Assessment Information for Civic Participation Agencies - EL Civics agencies with a focus on Civic Participation must complete community and student needs assessments as part of their grant requirements. The extensive number of civic objectives available to Civic Participation agencies can make the process of developing needs assessments challenging. Below are several resources that will assist agencies in the creation process, along with a summary form that will provide documentation of the process for their records.

Using Portfolio Assessment in EL Civics Classes in California
This research brief describes portfolio assessment and explains why it may be an appropriate assessment selection for California EL Civics classes. Portfolio assessment is an ongoing process involving learners and their instructors in selecting samples of student work for inclusion in a collection, the main purpose of which is to show the progress of learners. Perhaps the greatest overall benefit of using portfolio assessment in EL Civics projects is that the learners are taught by example to become independent thinkers, and their ability to take control of their own learning is facilitated.

Implementing Performance Based Assessment

California ESL Model Standards (1992) and Key
The ESL Model Standards document, originally published by the California Department of Education, reflects thinking about developmental instructional needs and assessment approaches for ESL learners. The standards include a framework for understanding the language proficiency of learners and how to use this information to guide instructional strategies, assessment, and evaluation. The document provides a comprehensive guide to education for English language learners and includes criteria for both content area instruction and language skills development.

Implementing Assessment for EL Civics Classes in California
These resources are designed to support the development of effective assessment practices in EL Civics classes in California. The focus is on creating a system that accurately measures student progress and provides evidence that the learning goals are being achieved. The materials include guidelines for selecting assessment tools, strategies for data collection, and methods for analyzing and using assessment results to inform instruction.

California ESL Program Standards (1992)
The California ESL Program Standards are a framework for guiding the delivery of high-quality English language instruction to learners. They outline the core competencies expected of learners at different proficiency levels and provide a foundation for developing appropriate instructional strategies and assessment approaches. The standards emphasize the importance of creating a supportive learning environment that fosters language development and cultural awareness.
California ESL Model Standards (1992) and Key

The ESL Model Standards document, originally published by the California Department of Education, reflects thinking about developmental stages in second-language acquisition and the nature of communicative competence. The goals of the document are to enrich curriculum and validate the success of existing programs.

- English language
- advanced skills needed to function effectively as
  - parents,
  - workers, and
  - citizens in the United States

Includes instruction in:
- literacy and English language acquisition
- rights and responsibilities of citizenship and civic participation
- may include workforce training
El Civics Agencies can hold classes in one or more Focus Area:

- Citizenship Preparation (231)
- Civic Participation (231)
- IELCE (243)
Citizenship Preparation
Citizenship Preparation

Requirements to earn payment points:

• CASAS pre-and post-test
  • One payment point for completing a level
    Note: Students must take a pre/post test pair to earn any of the other CIT Prep payment points
• Citizenship Interview Test (CIT)
  • One payment point for test passed at 206 or above
    Note: Forms 973 or 974 (alternate forms)
• Government and History for Citizenship test (G&H)
  • One payment point for test passed at 206 or above
    Note: Forms 965 or 966 (alternate forms)

Data Reporting:

• Follow the AEFLA/WIOA II deadlines for quarterly data (find in the Beginning of the year letter (BOY))
Citizenship Tests Descriptions

- **Citizenship Interview Test (CIT)**
  This is a one-on-one oral interview test for high beginning to advanced English language students. Topics include personal identification and information from the N-400 Application for Naturalization.
  - Form 973 or Form 974 — 15 to 20 minutes each

- **Government and History for Citizenship**
  This is a test of U.S. civics for high beginning to advanced English language students. Test questions are administered by CD and answer choices are provided in an accompanying test booklet.
  - Forms 965 or 966 — 25 minutes each

* There are two forms of each test. In case a student doesn’t pass the first time, the instructor can offer appropriate instruction and then give the student the other form of the test.
Citizenship Tests Descriptions

- **Reading for Citizenship**
  These tests assess reading comprehension for low beginning English language students. Forms 951 and 952 are at a CASAS Level A. Forms 951X and 952X are "bridge" tests between Level A and Level B.

  - Forms 951 and 952 — up to one hour each
  - Forms 951X and 952X — up to one hour each

- They can be used instead of Life and Work for data reporting

- Note that pre-test/post test pair, must use the same test series.
1. Administer CASAS Tests

Staff must:

- be trained in giving CASAS tests:
  - One person from each agency is required by CDE to take CASAS test Implementation Training.
  - Get information about CASAS testing from the person who took the training or take it yourself.
- complete entry record (or equivalent) for each learner.
- complete update record (or equivalent) for each learner.

Learners must:

- take a CASAS pre-test to measure their skills upon entry.
- take a CASAS post test to measure skill improvement.
2. Plan Instruction:
   • Become familiar with information and resources:
     • **USCIS Website** (uscis.gov/citizenship)
     • **USA Learns Citizenship**
       • a free online course that helps learners prepare for all aspects of the naturalization interview (usalearns.org)

3. Offer Additional Testing:
   • Order the Government and History (G & H) Test
     • Follow the manual to administer the test
   • Have a staff member become a CIT Examiner
     • Staff member participates in online training to become certified and must recertify each subsequent year
Citizenship Interview Test

- The CIT test examiner must be currently certified for students to earn a payment point.
- To become a CIT test examiner, place an order for the self-paced online course at www.casas.org.
- CIT Certification expires each year on June 30.
  - Test examiners must be recertified every year between Jan 1 and April 30.
  - Recertification is done online.
  - Test examiners will be notified about Recertification procedures each January.
- Contact CIT@casas.org or at 1-800-255-1036 ext. 108 with questions or for information.
Civic Participation (231) and IELCE (243) Programs
What is Integrated EL Civics?  
The California Perspective

- The opportunity to fulfill a dream:
  - Connect language instruction to the real world
  - Utilize Performance Based Assessment (COAAPs) to:
    - Evaluate how learners use the language
    - Measure possible learner success in the community
I. Administer a School Community Student Needs Assessment
   a. Complete a summary form
II. Select Civic Objectives and Additional Assessment Plans (COAAPs)
III. Develop/Borrow Additional Assessments
IV. Plan and Offer Instruction
V. Administer Additional Assessments
VI. CASAS Testing
VII. For IELCE 243 only: Complete a Program Plan
Requirements of a Civic Participation and IELCE Program

I. Administer a School Community Needs Assessment

• Successful programs continually assess the needs, interests, and language skills of their learners by conducting ongoing needs assessments

• Requirement:
  • School Community Student Needs Assessment
  • Complete the Needs assessment Summary Form*

• Read the School Community Student Needs Assessment Requirement for Integrated EL Civics During the Pandemic*

* at www.casas.org>civic participation
General Needs Assessment

• What do students need and want to learn?
• Assess the needs of the student community as a whole.

Workplace Needs Assessment

• Which career pathways do students want to follow?
• English Language Learners who wish to gain training and employment should be given a specifically designed needs assessment to determine placement in Integrated EL Civics and Workforce Training Courses.

Use the needs assessment information to select Civic Objectives for instruction for the agency.
• Optional: Classroom Needs Assessment
  • Assess the needs of a specific class
  • Use to select from the Agency-chosen Civic Objectives
1a. Develop a School Community Needs Assessment

- Select 3-5 Civic Objectives (CO) from each of the 6-7 competency areas on the Pre-Approved Civics Objectives List:
  - Consumer Economics
  - Community Resources
  - Health
  - Employment
  - Government and Law
  - Transition
  - Workforce Training

- Beginning level learners need a picture-based assessment tool.

- Intermediate to Advanced level learners should have pictures and simplified words (not CO Description).
Sample Pre-Approved Civic Objectives

- **Consumer Economics:** CO 2-Access community or commercial agencies to resolve a consumer complaint.

- **Health:** CO 26-Identify and access free or low-cost medical, dental, and other health care services/insurance.

- **Employment:** CO 33- Identify and access employment and training resources to obtain and keep a job

- **Transition:** CO 52-Research, identify and utilize soft skills (Personal Qualities, Customer Care Skills, Leadership Skills) necessary to succeed in post-secondary education, training and employment

- **Workplace Training:** CO 70-Demonstrate the language and literacy skills necessary to effectively participate in workforce training in early childhood education.
Do this:

- Civic Objective 1: Identify, evaluate, and compare financial service options in the community such as banks, credit unions, check-cashing services, and credit cards.

Not this:
1b. Administer the school community student needs assessment to a majority of learners

- Ask learners to check their 3-5 top areas of interest (depending on the number of COAAPS you will be selecting) from each of the 6 general competency areas (excluding workforce training)
- IELCE 243 Funded Agencies: Conduct a Workforce Training Needs Assessment
- Tally your results
- Complete the [Needs Assessment Summary Form](#) at casas.org> civic participation
- Utilize the results to inform your agency’s selection of COAAPs
II. Select Civic Objectives and Additional Assessment Plans (COAAPs)

- Select 3-10 Civics Objectives using the results from the School Community Needs Assessment

- Narrow your Civic Objective selections by reviewing each of the pre-approved Civic Objective and Additional Assessment Plans (COAAPs) for the Civic Objective

  - A COAAP is a general description of the performance-based assessment the agency will give learners after 30 hours of instruction based on the selected civic objective.
Select COAAPs

- There are usually 3 assessment plans (COAAPs) for each civic objective (CO).
  - Each plan is numbered.
    - The first number corresponds to the CO e.g. 1
    - The second number to the plan designates separate plans for the CO e.g. 1.4 & 1.5 are 2 plans for CO 1.
  - Each plan includes 1-3 tasks learners must complete to demonstrate what they have learned. (Portfolio assessments have more tasks.)
Select COAAPs

- Select COAAPs that most closely match the needs of your learners and your agency
  - Consider Skills Type of Assessment: Oral, Written, Role play etc.
  - Consider Content: For example in Civic Objective 9—Locate and analyze preschool and childcare services
    - COAAP 9.3 includes *List Characteristics of Good Quality Childcare and Evaluate a Childcare Facility* (written)
    - COAAP 9.4 includes *Compare Childcare Facilities and Present an Oral Report on Childcare Agencies* (oral, written)
16. Our agency wants to select more than one COAAP in single Civic Objective. Is that OK?

**Answer:** Agencies are permitted to select more than one COAAP per Civic Objective in the following situations:

- 1. An agency develops IET/IELCE curriculum including up to 3 COAAPS to support the English language needs of English language learners in a co-teaching or alternating teaching training environment.

- 2. An agency administers a community needs assessment which reveals student need for more than one COAAP in the same objective for reasons which could include level or content considerations.

Agencies must request permission to select more than one COAAP per Civic Objective by emailing Lori Howard, CASAS Program Specialist Coordinator at lbhoward@casas.org. The approval process may take up to 1 month.
Once a COAAP is selected:

- Agencies develop a performance-based assessment based on COAAP and specific to the needs of the learners and the agency.
- Agencies develop 30 hours of ESL instruction to prepare the learners for the assessment.
III. Develop Additional Assessments

Each Additional Assessment:

- is based on the Civic Objective and Additional Assessment Plan (COAAP) selected.
- is performance-based and assesses how well a learner can interact with or access the community.
- relates to instruction in topic and instruction type (oral, written, listening, reading).
- can be done by an outside Assessor or the classroom instructor.
- can be repeated after appropriate instruction if learner does not pass the assessment.
III. Develop Additional Assessments

- What is performance-based assessment?
  - Performance-based assessment:
    - measures students' ability to apply the skills and knowledge learned from a unit or units of study.
    - challenges students to use their higher-order thinking skills to create a product or complete a process

(Chun, 2010)
III. Develop Additional Assessments

- Performance-based assessments
  - The following may not be included in EL Civics assessments:
    - True/False questions
    - Multiple choice questions
    - Fill-in questions
    - Matching
    - Text Boxes which offer students possible answers to questions
III. Develop Additional Assessments

Administration of performance-based assessments

- Students completing Integrated EL Civics Additional Assessments must be evaluated on an individual basis.
  - All oral interview and/or role play assessments must take place in participation with an assessor asking or answering the questions or playing a role.
  - Written and listening assessments can be administered in a group setting but each student must complete the whole task on student’s own and the assessment must be evaluated individually.
  - No “student to student” interaction is acceptable as part of the assessment process.
Develop Additional Assessments

• Develop your own assessments based on the COAAP and corresponding Tasks you have selected.
  • Use other excellent agency’s COAAPS as model

• Find other agencies who have selected the same COAAP and ask to review/borrow their assessments.
  (see COAAPs Selected by California Agencies)

• For example: COAAP 19 San Diego Community College District COAAP 19- Immigrant's rights
  • Be selective and revise as necessary to meet your learner’s needs.
IV. Plan and Offer Instruction (ESL)

- Civic Participation and IELCE instruction prepares students to access the community by participating in real or simulated interactions.

- Includes:
  - all four skills: listening, speaking, reading and writing
  - many of the language and literacy objectives outlined for each objective in the EL Civics Civic Objectives List
Civic Participation and IELCE Instruction

- Civic Participation and IELCE Instruction
  - Is not limited to the language and literacy objectives listed in the COAAP
  - **Lasts at least 30 hours** (content specific to the selected COAAP)
  - The 30 hours of Civic Participation and IELCE instruction (ESL) can include classroom instruction and text materials that are already being covered in a related instructional unit.
Plan Civic Participation and IELCE Instruction

• Develop a 30-hour instructional plan which will prepare learners to take and pass the additional assessment
  OR
• Rely on individual instructors to plan at least 30 hours of instruction for their classes
  • Utilize textbooks and supplementary materials
  • View lesson plans and instructional materials for EL Civics at www.otan.us
  • View and obtain materials developed for EL Civics by California agencies such as Talking with the Police and other materials.
V. Administer Additional Assessments (based on COAAPs)

Each Additional Assessment:

• can be administered after 30 hours of instruction
• can be administered by an outside assessor or the classroom instructor
• can be repeated after appropriate instruction if learner does not pass the assessment initially
VI. CASAS Testing

Civic Participation and IELCE Learners must:

- take a pre-test to measure their skills upon entry
- take a post test to measure improvement

Staff must:

- complete an entry record or equivalent for the learner
- complete an update record or equivalent for the learner

Note:

1. Civics Participation and IELCE Additional Assessments do not earn payment points unless learner has a pre/post test pair.
2. One person from your agency is required by CDE to take CASAS test Implementation Training. Ask that person about CASAS testing or take the training.
Civic Participation and IELCE Program Requirements

- Requirements to earn payment points for Agencies:
  - Learners must take a CASAS pre- and post-test. A learner can earn 1 payment point for completing a level.
  - Learners must take additional assessments based on COAAPs and will earn 1 payment point by passing each additional assessment.
  - Students can earn a maximum of 6 payment points per year:
    - 3 from 231 Funds and
    - 3 from 243 Funds (see list of 243 Funded Civic Objectives)

Note that to earn payment points, students must have a complete student outcome data set (SODS) which consists of entry and update records and CASAS pre and post tests.
Review of Civic Participation and IELCE Requirements

- **CASAS Testing**: Administer a pre and post CASAS test to learners
- **Needs Assessment**: Administer a School Community Student Needs assessment and complete and keep on file *School Community Student Needs Assessment Summary Form*
- **COAAPs**: Select 3-10 COAAPs for Beginning Low to Advanced learners based on Needs Assessment.
  - Literacy students can participate in instruction and assessment but agencies will not receive payment points until the students score 180 or above on a CASAS test.
Review of Civic Participation and IELCE Requirements continued

- **Develop/Borrow Additional Assessments**
  - Agencies must select or create an Additional Assessment for each COAAP selected.

- **Instruction:** Valid outcome data must be preceded by a minimum of 30 hours of instruction (content specific to the selected COAAP)

- **Administer Additional Assessments**

- **For IELCE 243 only:** Complete a Program Plan

- **Alternating Teaching:** students enroll in two different, but coordinated courses, one in CTE and the other in VESL—basic language instruction related to the skill instruction and/or workplace preparation.
Steps to Implementation or Improvement of IELCE/IET Programs

Step 1 - Identify current training and employment opportunities.
Administrators make it possible for IELCE and Workforce Training faculty to meet

- to **identify current training** (and employment) opportunities for English Language Learners at their agency and/or at other local agencies.

  - Identified training leads to industry-recognized credentials
  - Communication with employers in the community is made to ensure that the identified training leads to unsubsidized, family-sustaining employment.
Step 2 - Assess Needs/Offer Support Services

English Language Learners who wish to gain training and employment are:

- given a needs assessment to determine placement in IELCE and Workforce Training courses
- offered support services (e.g. overview of available training and career pathways, counseling, discussion of barriers to training and employment, etc.).
IELCE/IET Program Development

Step 3 - Develop Integrated Program

IELCE/Workforce Training faculty and counselors work together to:

- develop curriculum, instruction, support services, schedules and recruitment practices for the IELCE/IET Program.

- part of this curriculum can include adding workforce training tasks to existing COAAPs or writing new COAAPs that directly relate to the content of training courses.
