Citizenship Resource Center

The Citizenship Resource Center has a collection of helpful resources and free study materials for a variety of users including:

- **Immigrants who are interested in becoming U.S. citizens.** Lawful permanent residents (LPRs) will find information about the naturalization process, eligibility requirements, and study materials to prepare for the naturalization interview and test.
- **Educators who play a critical role in preparing learners.** Educators including teachers, volunteers, and program administrators will find several resources for the classroom. Educators can also search for free USCIS training seminars designed to enhance the skills needed to teach U.S. history, civics, and the naturalization process to immigrant students.
- **Organizations that are interested in supporting immigrants in becoming citizens and assisting them to assimilate into American civic society.** Whether an organization is just beginning to help immigrants on their journey towards citizenship or is an experienced service provider, they will find resources to help enhance their overall efforts and programs.

The Citizenship Resource Center is managed by the Office of Citizenship. Learn more about the [Office of Citizenship](#) and its mission.

USCIS has revised the civics portion of the naturalization test. Read below for more information and to find study materials with the new 128 questions and answers from the 2020 version of the civics test.

USCIS will administer the 2020 version of the civics test and 2008 version of the civics test at the same time for a certain time period.
