Overview

CASAS eTests Online proctors serve an important role to ensure that web-based testing occurs fairly and uniformly. Certified proctors must do their part to maintain a controlled testing environment that will allow test-takers to perform to the very best of their abilities. Following the same procedures before, during and after testing assures the validity of test results and reduces the likelihood of confusion or error during test administration. Participants in this hands-on lab will use the new eTests Online HTML application with role-play activities to help ease anxiety when administering their first web-based test. Topics focus on:

- Proctor Responsibilities and Duties
- Managing Sessions
- Registering Students
- Following an Intake Process
- Administering Tests
- Retrieving test results

This training is appropriate for staff responsible for online test administration.
Proctor Responsibilities and Duties

Proctor responsibilities include:

- Maintaining test security & student confidentiality at all times.
- Ensuring appropriate physical conditions & accommodations for testing.
- Making sure CASAS web-based tests initiate appropriately.
- Following appropriate test administration procedures.
- Monitoring students & assisting with emergencies during testing.
- Understanding the policy on cheating.

Proctor duties include:

- Managing Sessions
- Administering Tests
- Reporting Testing Irregularities
- Interrupting a Test in Progress

Proctors must complete certification to access eTests Online and administer CASAS web-based tests. If you will be responsible for online test administration, you will need to enroll in and complete CASAS eTests Online Proctor Certification through CASAS online training. This self-paced training module takes approximately 30 minutes to complete.

To enroll in training, please follow these steps.

1. From your web browser, go to the CASAS website at www.casas.org
2. Click Login at upper right and log in to the CASAS website.
   a. If you do not have a CASAS website account, click Create Account, activate your account via e-mail confirmation, and then Login to proceed.
3. Click Training Registration at middle-left of the CASAS website home page.
4. Search by Category and click Go.
5. Click Learn more and enroll for selected workshop.
   a. IMPORTANT! Before you enroll – add onlinereg@casas.org and noreply@training.casas.org as CASAS contact emails in your e-mail program to ensure that you receive your registration confirmation and certificate of completion.
6. Click Enroll in this workshop at bottom of the web page.
7. Click Complete Registration.
8. Check your e-mail Inbox for Confirmation of Registration.
   a. If you do not receive your confirmation, check your "spam" or "junk" folder.
   b. Your confirmation will include steps to access online training.
Steps to Prepare Proctor Station

From Windows machines,

Launch the web browser and enter the CASAS eTests Online URL your program uses.*

<th>Screen</th>
<th>Description</th>
</tr>
</thead>
</table>
| 6.   | ![Screen](image1.png) | • For each **Session** you will use to administer tests,  
  o Click **Start** at left. |
| 7.   | ![Screen](image2.png) | • From **Test Session Management**,  
  o Click the **Hours** field down-arrow,  
  ▪ Select maximum **Hours** you are will proctor.  
  o Click **Start**. |
| 8.   | ![Screen](image3.png) | • A **Session Activity** window displays for each active session to manage while administering tests.  
  • Keep this window open on your **Proctor Station** to monitor activity. |
| 9.   | ![Screen](image4.png) | • To monitor **Session Activity** for other active sessions,  
  o Click **View**. |
| 10.  | ![Screen](image5.png) | **Don’t forget! STOP** all sessions when finished proctoring.  
  o Click **Manage** at top left of the Session Activity window.  
  o Click **Manage** from the Testing Sessions list. |
### Test Session Management Options

- **Manage** may also be used to:
  - **Suspend** a session if you plan to continue proctoring after a break period without stopping sessions when no one is testing.
  - **Continue** a session when you return from a break period.
  - **Take Over** a session started by another proctor.
    - This is helpful if students are still testing and a proctor has to leave.
    - This is also helpful to keep the session active with interrupting testing.
  - **Add Hours** so that the session does not time out before testing is finished.

---

**Don’t Forget!**

|      |        | **Note!** Depending on your browser and settings, you may be prompted to first click Save, and then click Run. |
Steps to Register Students

CASAS eTests Online may be used as an interface to collect student information and automatically record the information in TOPSpro Enterprise (TE) Online. This eliminates scanning and manual data entry to input the information in TE Online. Data collected about the student complies with WIOA accountability. Using a Registration only session gives you the opportunity to separate the registration process from the testing process giving you time to spend with students assisting them with applying responses and addressing questions.

- If you use the Registration session,
  - Data-collection screens are skipped in the Intake session and students begin testing.
- If you do not use the Registration session,
  - Students will complete data-collection screens in the Intake session before they begin testing.

Proctors should have a copy of the WIOA Data Dictionary nearby for quick reference during a Registration or Intake session.

If your agency imports student information from a 3rd Party System, then you would not need to use a Registration session to collect student information.

Template / Session Name > REGISTRATION / Student Information

</table>
| 1.   | ![Image](image1.png) | **Suggested Verbal Script:**
  - On your screen,
    - Enter your Identification code.
  - Use the right-arrow button to continue. |
| 2.   | ![Image](image2.png) | The number of Data collection screens enabled in a session appear at top of the testing station screen. |
### Step 3: Suggested Verbal Script:

- Enter your **Name** and any other information requested on each screen.
- Use the **right-arrow** button to go to the next screen.

### Step 4: Cont. Script:

- Use the **left-arrow** button and go back to a previous screen.
- Continue entering your information until you get to the **Review Page**.

### Step 5: Cont. Script:

- **On the Review Page.**
  - You may use the **Change** button to correct any information or add any information you may have skipped.
- After you finish reviewing your information,
  - Use the **Print** button for a copy of your information.
- After printing your information,
  - Use the **Save** button.

### Step 6: Cont. Script:

- Your **Student Information** is now saved.
- You may update your information from the **Person** icon at top left of your screen anytime you return to test.

### Step 7: Cont. Script:

- We are finished with **Registration**.
- Use the **Logout** button to exit the screen.
Steps to Use Practice with Students

CASAS recommends using Practice to help introduce students to taking a CASAS web-based test before they begin testing. Practice gives students the opportunity to explore the testing interface, respond to test items, and navigate the screens. Practice is not scored or recorded and may be repeated multiple times in the same sitting. Practice items are not subject to test security and may be used with classroom instruction. Using a Practice only session eliminates the risk of students launching a test. Practice is not for measure basic skills. There is no cost for using Practice.

Sample Test Items are also available at CASAS Home > Product Overviews > Curriculum Management & Instruction > Sample Test Items

Template / Session Name > PRACTICE / Reading, Math, Listening

<table>
<thead>
<tr>
<th>Step</th>

</tr>
</thead>
</table>
| 1.   | ![Reading Practice](image) | **Suggested Verbal Script:**
  - Before you begin testing, let’s review how to take an online test.
  - On the Test Menu screen,
    - Select the Reading Practice button.
  - Look at the Directions as I read them.

| 2.   | ![Reading Practice Items](image) | **Cont. Script:**
  On Reading Practice Items.
  This practice has 6 items.
  Directions.
  Click on your answer.
  1. To skip an item, click the arrow before answering.
  2. You may review all items when you finish.
  Click the arrow to begin.
  - Now, use the right-arrow button at the bottom of your screen to continue. |
3. **Suggested Verbal Script:** Look at the Practice Item displayed on your screen.

1. Along top-left of your screen is a **Toolbar** that displays information about you such as your **ID** and **Name**, the **Form** you are working on, and the **Time Remaining** to work on the **Form**.
   - Use the [Push Pin or Arrow] at top left to hide the **Toolbar** on your screen.
   - You can return the **Toolbar** at any time during testing by [moving your mouse to the top left and Push the Pin or use the Arrow].

2. Along top-right of your screen displays the test item **Number** you are working on and the total number of test items on the **Form**.

3. The left side of your screen displays an image or text.

4. The right side of your screen displays a **Question** or **Statement** about the image or text and possible **Answers**.

5. [For computer with mouse input] When the first test item displayed on the screen, you saw a message along the top. This message explained using the **Split Bar** to drag right to increase or left to decrease the display on the left side of your screen.
   - At bottom right of your screen, use the plus and minus icons to increase or decrease the display.

5. [For tablet with touchscreen input] At bottom of your screen, use the **plus** and **minus** icons to increase or decrease the displays.

| 4.   | ![Screenshot](DO NOT ENTER.png) | **Suggested Verbal Script:**  
- Read the first *Practice Item* and then use the box at right of your screen to choose your answer.  
- What is the answer to the first practice item?  
- The answer is “Don’t go in.”  
- Did you mark “Don’t go in”? [Explain.] |
| 5.   | ![Screenshot](1 of 6.png) | **Cont. Script:**  
- Use the right-arrow icon at top of the right screen and go to the next practice item. |
| 6.   | ![Screenshot](Do you want to skip this question.png) | **Cont. Script:**  
- Let’s skip the next practice item without answering.  
  - To skip, use the right-arrow icon at top of the right screen.  
  - A pop-up message will ask if you want to skip.  
    - Answer Yes.  
  - Continue with remaining practice items by answering or skipping until you get to the Review screen. |
| 7.   | ![Screenshot](Review.png) | **Cont. Script:**  
- On the Review screen, you may review your answers and return to items you did not answer.  
  - Use any number button and return to an item. |
| 8.   | ![Screenshot](Please sign in and have a seat.png) | **Cont. Script:**  
- After reviewing or answering an item,  
  - Use the Review button at top right of your screen to return to the Review page. |
<table>
<thead>
<tr>
<th>Step</th>
<th>Screen</th>
<th>Description</th>
</tr>
</thead>
</table>
| 9.   |        | **Suggested Verbal Script:**  
|      |        | • When you are finished with **Review**,  
|      |        |   o Use the **End Test** button. |
| 10.  |        | **Cont. Script:**  
|      |        | • Practice is now ended.  
|      |        | • Use the arrow at bottom right and return to the **Test Menu** screen. |
| 11.  |        | **Cont. Script:**  
|      |        | • We are finished with **Reading Practice**.  
|      |        | • You may continue on your own with **Math** and **Listening Practice**.  
|      |        | • When you are finished practicing with taking CASAS online tests,  
|      |        |   o Use the **Logout** button at top right on your screen to exit the application. |
| 12.  |        | **Cont. Script:**  
|      |        | You are now ready to begin testing. You should be able to finish each test in about one hour, but do not spend more than two or three minutes on one question. If you finish early, you may **Review** your answers.  
|      |        | If you do not know the answer, that is OK, you do not have to enter an answer. Just go to the next test item. Do your own test; do not get help from others. No calculators, dictionaries, books or notes.  
|      |        | When you are finished, or if you cannot answer any more test items, raise your hand and your proctor will assist you.  
|      |        | Any questions? |
Steps to Follow an Intake Process

Intake and orientation is your opportunity to welcome students to your program and determine their needs, goals, skill levels, and education and work backgrounds.

With an effective intake and orientation process, you will create a learning environment that works with each of these factors. You can promote student retention rates, improve learning gains, and build overall program success.

Oral Screening

The Oral Screening is intended to provide a quick measure of a student’s speaking ability. It is optional and should not be given to those who obviously can speak English well. It may be used at the beginning of testing with students who cannot write their name and other information on the answer sheet, in order to screen from the reading and listening appraisals those students who should be referred directly to beginning ESL instruction. Alternatively, the test may be given as students finish the reading test, or at a separate time.

The Oral Screening is individually administered and consists of six questions. The examiner asks the questions, the student answers, and the examiner rates each response following the scoring guidelines.

Writing Screening

The Writing Screening is an optional exercise in which students are asked to write two sentences that are dictated to them. This short test provides a very general assessment of a person’s ability to aurally comprehend and write basic English sentences. Items are scored holistically on a three-point scale.

CASAS eTests Online coordinators are responsible for ensuring that all certified proctors follow a standardized testing process. Programs are strongly encouraged, and required by most State Departments of Education, to have a Local Assessment Policy defined for test procedures and guidelines. These policy guidelines also include staff training and test security requirements for all staff who administer CASAS assessment and use results from these assessments.

Download complete documentation for the Intake Process at CASAS Home > Training and Support > Testing Guidelines > Intake Process
ABE Intake Process

Guidelines for determining level placement

1. Assess student’s basic English language proficiency
   - observe how well the student can fill out forms and perform other writing tasks
   - consider number of years of formal schooling and other information on demographic records
   - administer CASAS writing screening or other writing assessment
   - consider other factors affecting level placement

   ... then evaluate information and determine next step

2. Student has difficulty writing name and address and in completing writing sample, or has other significant limitations

   Student writes name and address, and produces basic writing sample

   2A. Skip the locator or appraisal and administer the five practice items from Beginning Literacy Reading, Form 27, one-on-one.

   Results
   - some difficulty
   - little or no difficulty

   Test form to administer
   - Administer Form 27 as pretest
   - Administer Level A reading and math forms as pretests

2B. Administer the locator or appraisal for reading and math:
   - Locator + pretest, or
   - Appraisal + pretest, or
   - Appraisal (alone)

3. Place student in an instructional level according to the lower of two pretest scores.
   - The pretest score serves as the initial point of comparison for progress testing.
   - The appraisal score (alone) provides accurate placement information.
## ESL Intake Process

### Guidelines for determining level placement

1. Assess student’s basic English language proficiency
   - observe how well the student communicates and fills out forms
   - consider number of years of formal schooling and other information on demographic records
   - administer CASAS oral screening or other oral assessment
   - administer CASAS writing screening or other writing assessment
   - consider other factors affecting level placement

   … then evaluate information and determine next step

| 9.   | Back to practice  
Begin the test |
|      | Cont. Script:  
• You may repeat Practice if needed, or continue and Begin the test. |
### Step 10. Review

**Cont. Script:**
- At the end of the test, you may **Review** your answers and return to test items you did not answer.
  - Use any **number** button and return to an item.
- When you are finished with **Review**,
  - Use the **End Test** button.

### Step 11. Personal Score Report

**Cont. Script:**
- Your **Personal Score Report** displays a summary of how well you did on the test.
  - Don’t worry about understanding the information now. That’s for your teacher to explain later.
- For now,
  - Use the **Print** button for a copy of your report.
- Use the **arrow** at bottom right and return to the **Test Menu** screen.

### Step 12. Test Menu

**Cont. Script:**
- If you have more tests to take,
  - Select the next test button.

### Step 13. Goodbye!

**End Script:**
- We you are finished with taking all of your tests,
  - Use the **Logout** button to exit your screen.

**Don’t forget!** Collect and destroy scratch paper at the end of math tests.
**STEP 3: AFTER THE TEST**

*At Testing Stations*

<table>
<thead>

</thead>
</table>
| 5.   | ![Management Console](image1.png) | • From the **Management Console**,  
      ○ Click **Logout**.  
      
      *Note!* This is required for Test Security. |
| 6.   | ![Application Management Login](image2.png) | • Exit the application at top right.  
      
      *Note!* This is required for Test Security. |
| 7.   | ![Web Browser](image3.png) | • Close the web browser.  
      • **Prepare** the lab for the next time testing is scheduled.  
      • **Secure** the testing lab. |
Steps to Retrieve Test Results

Test results from eTests Online may be retrieved from three Menus:

- Testing Sessions
- Test Results
- Students

Testing Sessions Menu

Use the Testing Sessions menu to retrieve results from a single Testing Session.

<table>
<thead>
<tr>
<th>Step</th>
<th>Screen</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1.   | ![Testing Sessions Menu](image1.png) | • Use Column Filters to locate a specific Testing Session.  
  o Click Tests at left of the selected session. |
| 2.   | ![Filter Down-Arrow](image2.png) | • Click the Filter down-arrow to expand filtering options. |
| 3.   | ![First Test Date Field](image3.png) | • Click the first Test Date field.  
  o Select the Date tested from the drop-down calendar.  
  • Click the second Test Date field.  
  o Select one day after the Date tested. |
| 4.   | ![Refresh Button](image4.png) | • To retrieve results,  
  o Click Refresh at top right. |
| 5.   | ![Export to CSV](image5.png) | • A list of filtered results now displays in the Testing Session list.  
  o Click Export to CSV at top right to save results to a spreadsheet. |
Test Results Menu

Use the **Test Results** menu to retrieve results for all testing on a given day or specified date range.

<table>
<thead>
<tr>
<th>Step</th>
<th>Screen Description</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>From the <strong>Menu bar</strong> at left,</td>
<td>• Click the <strong>Filter</strong> down-arrow to expand filtering options.</td>
</tr>
<tr>
<td></td>
<td>o Click <strong>Test Results</strong>.</td>
<td>• For results from all testing in the previous month, enter <strong>Test Date Between</strong> –</td>
</tr>
<tr>
<td></td>
<td></td>
<td>o The <strong>first day</strong> of the previous month.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>o One day after the last day of the previous month.</td>
</tr>
<tr>
<td>2.</td>
<td>To retrieve results,</td>
<td>• To retrieve results,</td>
</tr>
<tr>
<td></td>
<td>o Click <strong>Refresh</strong> at top right.</td>
<td>o Click <strong>Refresh</strong> at top right.</td>
</tr>
<tr>
<td>3.</td>
<td>Use <strong>Column Filters</strong> to refine filtered results.</td>
<td>• Use <strong>Column Filters</strong> to refine filtered results.</td>
</tr>
<tr>
<td>4.</td>
<td>Click <strong>Export to CSV</strong> at top right to save results to a spreadsheet.</td>
<td>• Click <strong>Export to CSV</strong> at top right to save results to a spreadsheet.</td>
</tr>
</tbody>
</table>
# Students Menu

Use the Students menu to retrieve test results for a specific student.

<table>
<thead>
<tr>
<th>Step</th>
<th>Screen</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1.   | ![Menu bar screenshot](image1) | From the **Menu bar** at left,  
  - Click **Students**. |
| 2.   | ![Filter screenshot](image2) | Expand the **Filter** to select a date range when the student may have tested.  
  - Use **Column Filters** to search for a student. |
| 3.   | ![Student demographics screenshot](image3) | To retrieve results,  
  - Click **Refresh** at top right. |
| 4.   | ![Tests screenshot](image4) | To see all tests taken by the student within the specific date range,  
  - Click **Tests**. |
| 5.   | ![Export to CSV screenshot](image5) | Click **Export to CSV** at top right to save results to a spreadsheet. |
Steps for Testing Day

As a CASAS eTests Online proctor, you serve a very important role. All proctors must do their part to maintain a controlled testing environment that allows test-takers to do their very best. Proctors should follow the same procedures before, during, and after testing. Following these procedures assures the validity of test results and reduces the likelihood of confusion or error during test administration.

**STEP 1: PREPARE TO TEST**

**Prepare Proctor Station:**

1. Turn on the proctor station (including monitor).

2. Launch the web browser and enter the CASAS eTests Online URL your program uses.*

<table>
<thead>
<tr>
<th>Server</th>
<th>HTML5 Version w/multiple web browsers</th>
</tr>
</thead>
<tbody>
<tr>
<td>*Global</td>
<td><a href="https://etestsonline.org/html5/#/">https://etestsonline.org/html5/#/</a></td>
</tr>
<tr>
<td>*California</td>
<td><a href="https://ca.etestsonline.org/html5/#/">https://ca.etestsonline.org/html5/#/</a></td>
</tr>
<tr>
<td>*LARAEC</td>
<td><a href="https://laraec.etestsonline.org/html5/#/">https://laraec.etestsonline.org/html5/#/</a></td>
</tr>
<tr>
<td>*Miami Dade</td>
<td><a href="https://etestsonline.org/MiamiDade/html5/#/">https://etestsonline.org/MiamiDade/html5/#/</a></td>
</tr>
</tbody>
</table>

3. Click **Sign In** at top right and enter login credentials to access the Management Console.

4. Filter **Testing Sessions** for:
   - **Site** – where you are assigned to proctor.
   - **Lab** – at the site where you will administer tests.
   - **Template** – for the program you are administering tests.

5. Check **Save Table Filters** to retain your filtered list of testing sessions.

6. Click **Start** for each session you will manage for testing.

7. Click **Add Stations** to active sessions (if needed).

8. View **Session Activity** throughout testing for all active sessions.

**Prepare Testing Stations:**

9. Turn on testing stations (including monitors).

10. Launch the web browser on each testing station and enter the CASAS eTests Online URL* your program uses.

11. Click **Take a Test**.

12. Click **Run** for the CASASWebTests.exe file and connect to the CASAS-hosted server.
STEP 2: BEGIN TO TEST

1. **Read to students:**
   - The purpose of taking the test is to determine what you need to learn.
   - It is very important to do your best on the test.
   - If you do not know the answer, please do not guess. Continue to the next question without answering.

2. Assist students with completing data collection screens before testing begins.
   - Enter **Identification Code**, **Name**, and any other information presented on the screen.
   - Review information on the **Review Page** and click **Save**.

3. Give students the opportunity to **Practice** taking an online test before testing begins.
   - Review practice items together with students, making sure they understand how to respond to test items and navigate through the test.

4. **Tell students:**
   - We are ready to begin the test.
   - You should be able to finish in about one hour, but do not spend more than two or three minutes on one question.
   - If you finish early, you may **Review** your answers before ending the test.

STEP 3: AFTER THE TEST

1. Students who finish testing early do not need to wait until others finish. They should raise their hand to summon the proctor.

2. When a test ends, a **Personal Score Report** displays on the testing station screen with option to print (by default). Your program may disable the report or print option.

3. Direct students to **Log Out** of the testing application when they finish all tests.

4. Do not discuss test results with anyone while proctoring tests. Quietly tell any student to discuss results with his or her instructor.

5. When all students have left the lab, reset each computer workspace area.

   **At Testing Stations:**

   6. **EXIT** the testing application on each station after all testing is finished. **Required for Test Security.**

   **At Proctor Station:**

   7. **STOP** all active session(s). **Required for Test Security.**

   8. **LOG OUT** of the Management Console. **Required for Test Security.**

   9. **EXIT** the testing application. **Required for Test Security.**
ACTIVITY: Basic Steps for Testing

- To view each other’s screen, pair-with the person seated next to you and decide –
  - Who will be the **Proctor**, and
  - Who will be the **Student**.
- You may also have a group of three with –
  - One **Proctor** in the middle, and
  - Two **Students** on each side.

**Check boxes during Role-Play Activities**
