Fontana Adult School

How it all began.....

I began teaching Citizenship by becoming familiarized with documents left from previous instructor

I attended CASAS Conference-focusing on CASAS testing and Citizenship sessions

Researched the USCIS website

Began differentiating but without using Data to drive instruction

2018/19, 2019/2020, 2020/2021, 2021/2022, 2022/2023

- Success rate of students becoming citizens were averaging 0-6 per year

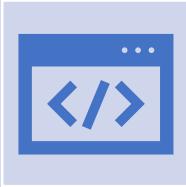

Missing factors through my observation was the following:

Teaching but still NOT using data to drive my instruction.

- Need of more training and understanding of what students needed
- Better differentiating for students to meet their individual needs
- Teaching using a variety of learning modalities such as: verbal, visual, auditorial, musical, association, kinesthetic, etc.

I worked with another instructor to support me, creating an EXCEL sheet to identify areas that students needed to complete prior and after becoming a citizen.

We began color coding the student data and their required tasks for quick reference.

Continued adding more details to complete and prepare students for success.

The Beginning of using Data to drive instruction!

- Missing was a visual Data Board for students and working staff to refer to when differentiating .

- A Sticky Note Board was created to provide visual Data to **DRIVE** instruction.

- I realized that I still needed more information and support using a variety of resources.
- I reached out to a USCIS Officer based in San Diego and asked questions, invited the officer to speak to students in class, and also would speak to class on the speaker phone to answer questions and concerns that they might have.
- I reached out to Norma Torres' office and invited her to speak to students. Immigration officers from her office keep in contact with me and present in my class and also for the school.

I began searching for videos to provide for my students to be prepared for the Citizenship.

Go to: free videos to prepare for my Citizenship interview with Jackie

Go to: US Citizenship Podcast

Go to: Starfall.com

I also use Superteacherworksheets.com for maps, literature, phonics, etc.

Let's Stretch and Re-energize!

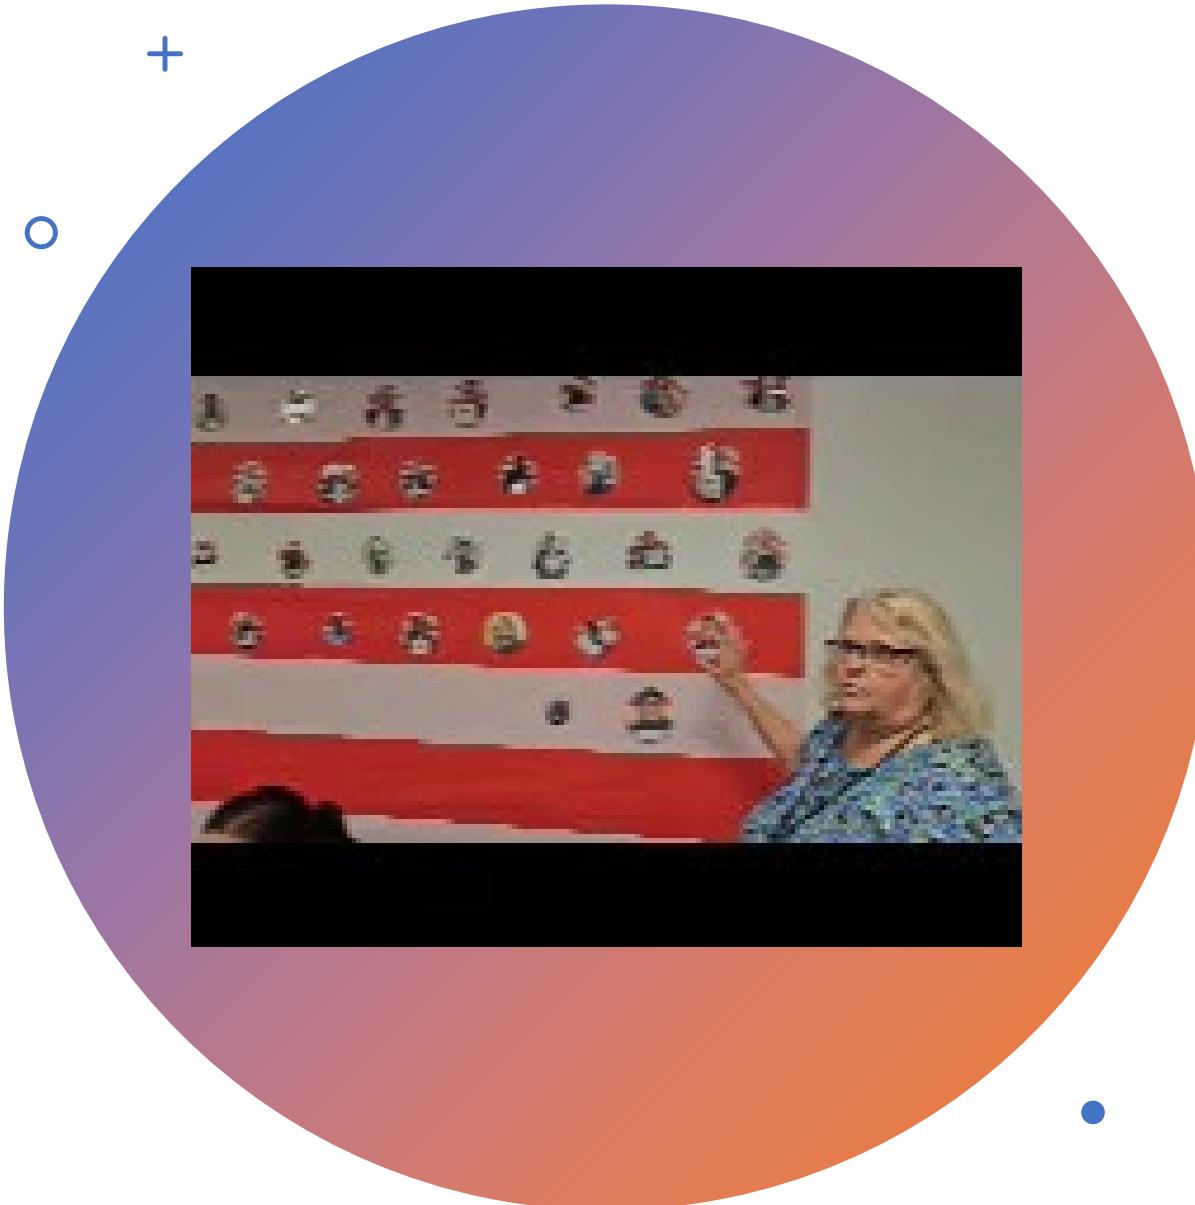

Quiz Master

Writing Sentences and Supporting each other

motivates students to continue attending class!

After students have passed their interview and completed their Oath... The return to class and share with the students about their experience at the USCIS office! They celebrate and they are given a special pin that states, "Proud to be a Citizen Fontana Adult School" Their picture is taken and placed on the American Flag which is on the wall of the classroom!

Citizenship Class is now on TEAMS and in-class!

We have begun including the opportunity for students that are unable to attend class are able to join on-line using TEAMS!

*Improvements are always in the making in the Citizenship Class at
Fontana Adult School!*
