ONLINE SYSTEM TO ASSESS AND CERTIFY BASIC SKILLS

NRS Approved CASAS Assessments validated by the U.S. Departments of Education and Labor

DIGITAL LITERACY

Build basic computer skills while testing your students!

Get learners comfortable taking a standardized test with online sample CASAS test items.

On-screen tools help learners progress through testing with ease.

TIME AND COST SAVINGS

Immediate results!

Fast and accurate placement into programs!

Appropriate-level tests presented automatically.

Teachers can access performance reports to guide instruction.

Locator + pretest = 1 test unit.

OUR SERVICES

CASAS is a nonprofit organization that provides assessments of basic skills for youth and adults and curricular tools to target instruction. CASAS is used by federal and state government agencies, business and industry, community colleges, education and training providers, correctional facilities, and technical programs.

GETTING STARTED

TOPSpro Enterprise (TE) Online is a data accountability software that allows programs to easily access, manage, track, and report program and student outcomes for local, state and federal reporting.

TE is a web-based system that also installs a small client on local computers (Windows 10 required) for better performance and a desktop experience.

Agencies can choose to buy Test Units in either TE Basic or TE Enhanced packages.
