

CASAS provides Grade Level Equivalents (GLEs) for agencies that need them to satisfy federal or state reporting requirements. CASAS derived the Grade Level Equivalents from the *College and Career Readiness Standards for Adult Education* (CCRS). Due to the alignment of the NRS Educational Functioning Level Descriptors for Adult Basic Education (ABE) to the CCRS, CASAS was able to map the Reading GOALS 2 scale score ranges for each NRS level to different grade levels. This correlation is provided in the table below.
