

# Payment Points Data Flags

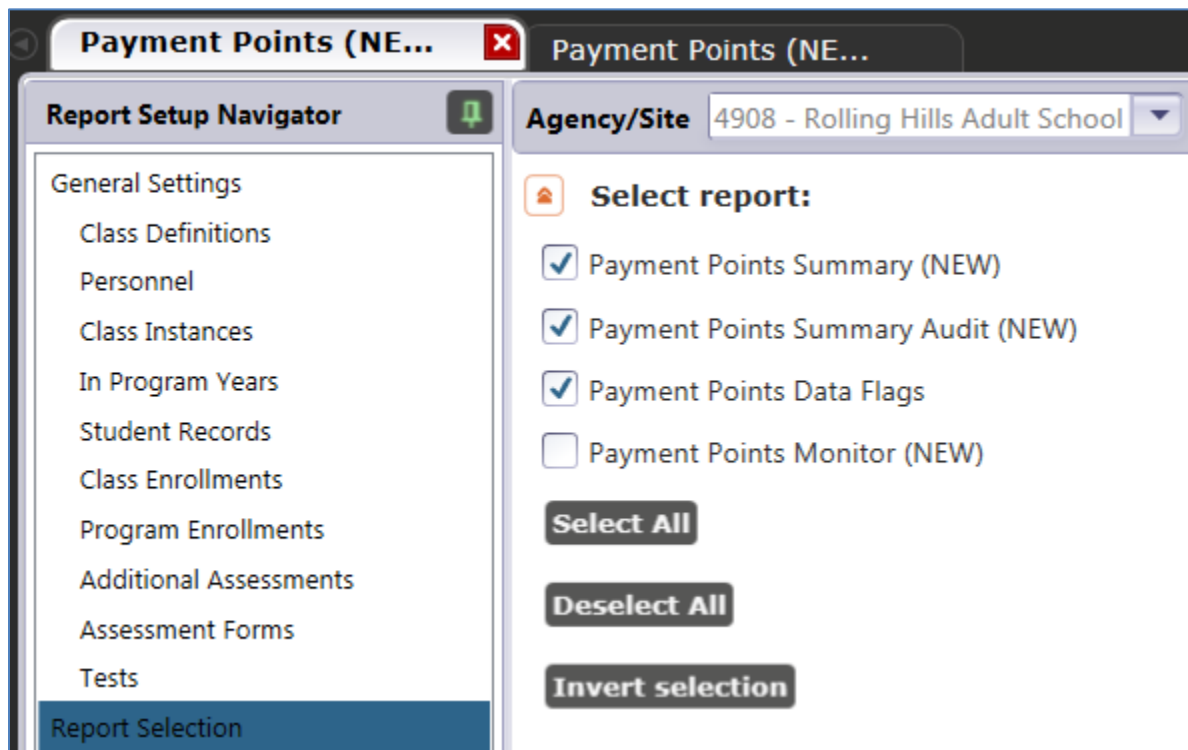

TE now includes four different reports to help California WIA II agencies manage their payment points:

- Payment Points Summary
- Payment Points Summary Audit
- Payment Points Data Flags
- Payment Points Monitor

1. On the Reports menu, point to **State Reports**, then point to **California**, and select **Payment Points**.

2. This opens the setup window. On the Navigator bar, select Report Selection.

3. By default, TE will generate the Summary, Summary Audit, and Data Flags, but will not create the Monitor unless you specify this in the setup window.

4. Leave the default selections as shown in the graphic above, and click Generate.
5. On the Report Viewer Navigator, select Payment Points Data Flags.
6. **Payment Points Data Flags** now appears. This report displays several data items important for payment points attainment. Some items are critical, while others are just informational – critical items are marked with a flag .
