### Where to Go to Class

CASAS Online Self-Paced Courses are delivered using

The online self-paced courses developed by CASAS are made possible through the course management delivery system called Moodle. Moodle is an e-learning software platform designed to provide a virtual learning environment.

CASAS is using Moodle to provide more opportunities for training to maintain the integrity and quality of the assessment process.

These online self-paced courses are open-entry/open-exit; therefore, participants may join a course anytime within the specified date range and complete the course at their own pace. Each course provides a Certificate of Completion, Training Verification and Evaluation. Training required by CASAS includes a Certification activity.

If this is your first Moodle course, we recommend that you prepare for online training by accessing or printing (optional) the "Moodle How-To Guide for Online Training." Please take the time to read through this document to make the most of your online training experience.

### How to Begin Your Course

1. Go to <http://training.casas.org>
2. Select the CASAS online course for which you registered.
3. You are taken momentarily to the CASAS Website to log on with your CASAS user account.
4. After your account is confirmed, you are returned to the Training Website.
5. You are now enrolled in the course for which you registered.
6. When returning to the course, repeat these steps.

**Note:** You have 30 days from the time you enroll to complete this course.

## **General Course Description**

### **CIT – Preparation for Test Administration Certification**

#### **Course Introduction**

The Citizenship Interview Test (CIT) is a standardized oral assessment that assesses the speaking skills of adult ESL and citizenship learners. The CIT helps programs determine if an individual is ready to pass the USCIS naturalization oral interview. Training is required to administer this test.

This training prepares you to administer and score the Citizenship Interview Test (CIT) in a standardized and accurate manner. Standardized test administration requires following the administration instructions and script precisely and scoring the test according to scoring criteria. Examiners are trained to know all requirements to give and to score the test.

#### **For Certification, you must:**

1. Pass the test administration quiz given in this training.
2. Pass three certification interviews online (linked to the training).
3. Send CASAS an audio tape (or CD) of yourself conducting two CIT interviews with corresponding scored test booklets.

#### **Course Overview**

This training has three main sections – Administration, Scoring, Certification – and units within these sections with built-in activities and discussion to reinforce learning. Each unit has topic areas that serve as the foundation for each unit. Certification requires the successful completion of certification activities divided in three parts. Successful completion of this online training course satisfies Part I. You will complete Part II through the CASAS Certifications online Website. You must conduct Part III of the certification activities on your own to complete the CIT certification process.

- ***Allow approximately four hours to complete the online training portion for CIT Certification.***

*If you have any questions before you begin this training course, please contact CASAS at 1-858-292-2900 or 1-800-255-1036 and ask to speak to a Distance Training Representative; or send an email to the Course Facilitator.*
