Steps to Replicate Testing Sessions

Overview

Using TOPSpro Enterprise (TE) Online is the quickest method to copy testing sessions. Use TE to batch replicate sessions –

- In to the new Program Year
- In to a new Site.

Open TE Online

From Windows machines,

To access TOPSpro Enterprise Online (TE) for the first time, launch the web browser and enter the URL for the CASAS Online System your program uses.

❖ For Training, go to Rolling Hills Simulation – https://etestsonline.org/rollinghills/html5/
