TOPSpro Enterprise 4.0 Business Requirement Statement

Exchanging Data with 3rd Party Attendance and other Information Systems

Functionality: Ability to exchange data between TOPSpro Enterprise (TE) 4.0 and 3rd party application systems in a uniform and standard manner.

Scope: Data exchange is divided into 10 segments for file types. The file types provided for import and export are (1) personnel and user data, (2) class data, (3) demographic data, (4) student program status, (5) entry data, (6) attendance data, (7) test data, (8) student class status, (9) update data, and (10) High School Equivalency exam results.

For each data exchange segment the field layout accepted for data import is identical with the field layout produced for data export.

“Personnel and User Data” refers to personnel and user account information for accessing the TOPSpro Enterprise system.

“Class Data” refers to the class system and the various attributes pertaining to classes.

“Demographic Data” refer to the generally unchanging facts about an individual learner (e.g. Gender, Date of Birth, Ethnicity, etc.).

“Student Program Status” refers to the placement of learners into various instructional programs and their progress.

“Entry Data” refers to dated information that pertains to a student when they enter the system, or a particular program and/or class.

“Attendance Data” refers to the amount of instruction received by a particular learner over a specific period of time.

“Test Data” refer to the raw/scale score obtained by a learner on a NRS approved test form.

“Student Class Status” refers to status information that pertains to a student attending a particular class.

“Update Data” refers to information that pertains to a student when they complete or progress within the system, or within a particular class and/or program.

“High School Equivalency exam results” refer to exam results for High School Equivalent national assessment systems like GED, TASC and HiSET.

Definition of the fields in each file type appears in the following tables.

Import Constraints: TOPSpro Enterprise will only import data according to the specifications in this document.

Importing duplicates will result in the last duplicate overwriting the previous ones.

Assumptions: The End-User is solely responsible for the accuracy, frequency, and appropriateness of data imported into TOPSpro Enterprise. The relational integrity of data originating outside of TE and imported via the import mechanism is not guaranteed and subject to satisfying all required data relationships.

Supported Format: TOPSpro Enterprise is able to import data supplied in the CSV format. A CSV file (i.e., Comma Separated Variable file) is an UTF-8 text file in which records have a variable length and end with a carriage return and line feed. Fields are explicitly delimited with a comma. It is recommended that all fields are enclosed into delimiting quotes. The delimiting quotes are mandatory for those fields that are expected to contain a list of codes separated by comma. No trailing space is allowed before or after the delimiting commas either within the fields or between the fields. The file name extension is assumed to be .CSV for CSV files (e.g., MyExport.CSV). When saving the CSV file, please make sure to verify that the file format is UTF-8.

SDF and DBF formats are no longer supported for WIOA reporting. If your application was exporting in the old WIA formats, please plan to switch to CSV.

TOPSpro Enterprise exports data according in the same CSV format, following the field layouts presented in the next sections.

Data Matching: In order to make data matching easier when exporting data from TOPSpro Enterprise for use in a 3rd party system TE allows the End-User to specify which of the following student identifiers to be exported as the field called “Student ID” in those formats that contain student-related data:

- TOPSpro Enterprise Student ID
- Social Security Number
- State-generated ID

- GED ID
- HiSET ID
- TASC ID
- NEDP ID
- CalJOBS ID

Import Sequence: When importing multiple record types from 3rd Party systems it is recommended to follow this order that ensures the optimal record creation pattern in the hierarchical data organization:

1. Personnel and User Data
2. Class Data
3. Demographic Data
4. Student Program Status
5. Entry Data
6. Attendance Data
7. Test Data
8. Student Class Status
9. Update Data
10. HSE Exam Results

Vendor Compliance: For data import CASAS will maintain a list on its website of all vendors who are compliant with the specifications in this document. Compliance has two components, data and performance. See below for these definitions. In order to attain compliance the vendor shall submit sample data to CASAS for testing. Vendor may submit data as many times as necessary to achieve compliance.

Data: Data compliance refers to file layout and format which meets the specifications stated in this document. Compliance is achieved for each of the ten file layouts individually. A vendor may choose to support one, some, or all file layouts.

Performance: Performance compliance refers to the status of data exported from the vendor's own system. Specifically, only data that is new or changed since the last export should be included. In practical terms this means that the vendor's system must automatically ensure for the user that only new and changed data is exported with each successive download from the vendor's system.

Notice: CASAS reserves the right to reject import files from vendors that are not in compliance.

Contact: Technical questions about this document and data samples for compliance review can be directed to Tech Support, 1-800-255-1036 ext.2, techsupport@casas.org.

The record layouts supported by TOPSpro Enterprise follow in the next sections.

1 – Personnel and User Data (PERS)

#	Field Name	Reqd.	Max Length	Comments	Accepted Codes
1	Vendor Code	Y	4	Alphanumeric vendor code supplied by CASAS; unrecognized codes or empty values will prevent the data import	
2	State Code	Y	2	Use standard U.S. Postal State abbreviations – e.g. CA for California	
3	Agency ID	Y	15	Agency ID as recorded in TE Alphanumeric field	
4	Site ID		15	Site ID as recorded in TE Alphanumeric field	
5	User Account		200	User account to be linked with the personnel record; use of email address is recommended Unique per container (agency or site)	
6	Teacher ID	Y	15	Teacher ID given by agency	
7	First Name	Y	40	Teacher First Name	
8	Middle Name		40	Teacher Middle Name	
9	Last Name	Y	40	Teacher Last Name	
10	Certificates		15	List of codes for known certificates separated by comma – e.g. “AE, K12” or “TESOL” Leave empty when not available.	AE - Adult Education Certificate K12 - K-12 Certification SE - Special Education Certification TESOL - TESOL Certification
11	Years of Experience		2	Number of years of experience (0+) Leave empty when not available.	
12	Email		200	Email Address	
13	Email2		200	Email Address	
14	Email3		200	Email Address	

One record sample:

"UVCD","CA","4098","1010","Santiago.DeLaHoz@RollingHills.com","1003","Santiago","Roberto","De La Hoz","AE,K12","10","Santiago.DeLaHoz@RollingHills.com","Santiago@RH.com","Santiago@RHills.com"

* UVCD stands for Unspecified Vendor Code (this is not an accepted import code and is used only for documentation purposes); all 3rd party exports from TOPSpro Enterprise will export this code as the vendor code.

2 – Class Data (CLS)

#	Field Name	Reqd.	Max Length	Comments	Accepted Codes
1	Vendor Code	Y	4	Alphanumeric vendor code supplied by CASAS; unrecognized codes or empty values will prevent the data import	
2	State Code	Y	2	Use standard U.S. Postal State abbreviations – e.g. CA for California	
3	Agency ID	Y	15	Agency ID as recorded in TE Alphanumeric field	
4	Site ID	Y	15	Site ID as recorded in TE Alphanumeric field	
5	Class ID	Y	21	Class ID as recorded in TE Alphanumeric field	
6	Extended Class ID		15	Extended Class ID as recorded in TE Alphanumeric field	
7	Class Description	Y	70	Class Description	
8	Course Code		50	Course Code	II only – an ICCB course code
9	CIP Code		6	The CIP Code associated with the class Digits-only field Leave empty when not available.	One of the official CIP codes: 010000 - Agriculture, General 010903 - Animal Health 030501 - Forestry, General etc.
10	A22 Course Code		4	The A22 Course Code associated with the class Digits-only field Leave empty when not available.	One of the official A22 course codes: 2500 - This general physical education course develops skills through fitness and conditioning activities. 9991 - Basic foundation for using technology in the workplace. etc.

12	Class Start Date	Y	8	The class start date	Date format required is MMDDYYYY – e.g. “07012026” for July 1 st , 2026
13	Class End Date		8	The class end date	Date format required is MMDDYYYY – e.g. “09302026” for September 30, 2026
14	Transition Focus		15	List of accepted codes separated by comma (e.g. “TW,TWT” or “TPE”), or “NT” for no transition focus. Leave empty when not available.	TW - Transitions to work TWT - Transitions to workforce training TPE - Transitions to postsecondary education NT - This class does not focus on transitions
15	Instructional Programs		100	List of instructional program codes taught in class, separated by comma (e.g. “BS,ESL” or “GED”).	BS - Basic Skills (ABE) ESL - ESL/ELL CIT - Citizenship

				Leave empty when not available.	HS - High School Diploma GED – HSE HSE - High school equivalency VOCED - Career and Technical Education (CTE) WFR - Workforce Readiness AD - Adults w/Disabilities PARENT - Adults supporting K12 student success OTHER - Other Program ROCP - ROCP PREAPPRENTICE - Pre-Apprenticeship ASE – Adult Secondary Education (Illinois only) HSCR – High School Credit Recovery (Illinois only)
16	Special Programs		100	List of special program codes associated with the class, separated by comma (e.g. “J,SN,ENTP” or “DL”). Leave empty when not available.	NN – None ELC - EL Civics (IELCE) ELCP – EL Healthcare Pathways J - Jail CC - Community Corrections SC - State Corrections H - Homeless Program FL - Family Literacy WE - Workplace Ed. T - Tutoring DL - Distance Learning SN - Special Needs AE - Alternative Ed. [K12] ENTP - Non-traditional Training OA - Older Adults CARLPK - Carl Perkins IET – ICAPS – Integrated Education & Training. Displayed as “ICAPS” for Illinois agencies and remains “IET” for all other agencies. EVEN - Even Start CBET - CBET OT – Other BC – Bridge Class (Illinois only) WL – Workplace Literacy (Illinois only)
17	CBEDS Code		15	The CBEDS code Alphanumeric field	
18	Focus Area		10	The focus area code associated with the class (California-only) – e.g. “225GED” Leave empty when not available.	225ABE - Adult Basic Education 225ESL - English as a Second Language 225VESL - Vocational ESL 225VABE - Vocational ABE 225ASE - Adult Secondary Education

					225GED - General Education Development 231ABE - Adult Basic Education 231ESL - English as a Second Language 231ESLC - ESL-Citizenship 231VESL - Vocational ESL 231VABE - Vocational ABE 231FL - Family Literacy 231ASE - Adult Secondary Education 231GED - General Education Development ELCCIV - Civic Participation ELCCIT - Citizenship Preparation
19	Class Duration in Minutes		4	The total duration of one class meeting in minutes (instructional + DL minutes)	
20	Class Schedule Code		3	One-byte encoding of the week days when the class meets, e.g. Class meets Monday and Tuesday (2 + 4) – supply “6” Class meets Monday, Wednesday and Friday (2 + 8 + 32) – supply “42” Class meets Friday, Saturday and Sunday (32 + 64 + 128) – supply “224”	Any sum of the following numeric codes for each day of the week: 2 – Monday 4 – Tuesday 8 – Wednesday 16 – Thursday 32 – Friday 64 – Saturday 128 – Sunday
21	Total Hours for Class or Term		4	Total number of hours per class or term	
22	Instructional Setting		3	The instructional setting code associated with the class – e.g. “LCL” Leave empty when not available.	CLR – Classroom LCL – Learning Center/Lab VS – Vocational Setting DL – Remote Synchronous RAS – Remote Asynchronous CDL – Hybrid (F2F+DL) HYF – HyFlex (F2F+DL) IS – Independent Study
23	Physical Setting		4	The physical setting code associated with the class – e.g. “ES” Leave empty when not available.	AS - Adult School ES - Elementary School MJHS - Middle/Junior High School HS - High School CC - Community College CF - Correctional Facility LB - Library WS - Work Site CBO - CBO Center HO - Home CS - Community Site IET – Offsite IET location OT - Other
24	Start Time		2	The start time code associated with the class – e.g. “EV” Leave empty when not available.	MN - Morning AF - Afternoon EV - Evening (after 5pm)

25	Has Internet in Class		1	Flag if Internet is available in class – e.g. “Y” or “N”	Y – Yes or T – True N – No or F – False
26	Has Internet in Lab		1	Flag if Internet is available in lab – e.g. “Y” or “N”	Y – Yes or T – True N – No or F – False
27	Class Information		100	A field dedicated to provider use for comments about the class record	
28	Distance Learning		4	Distance learning duration in minutes	
29	Class Room		30	Alphanumeric field	

One record sample:

14	Years of School Completed		2	Number of years of school completed Leave empty when not available.	
15	Most School Years Completed Outside US		1	Flag if most school years were completed outside US – e.g. “Y” or “N” Leave empty when not available.	Y – Yes or T – True N – No or F – False
16	Highest Degree or Diploma Earned		4	The earned degree or diploma code – e.g. “TC” or “SCND” Leave empty when not available.	N - None GED - HSE Certificate H - High School Diploma TC - Technical/Certificate A - A. A./A.S. Degree F - 4 yr. College Graduate GS - Higher than B.A./B.S. O - Other Diploma/Degree SCND - Some college, no degree IEP - Individual Education Plan
17	Degree or Diploma Earned Outside US		1	Flag if degree or diploma was earned outside US – e.g. “Y” or “N” Leave empty when not available.	Y – Yes or T – True N – No or F – False
18	Consent Signed		1	Flag if consent was signed – e.g. “Y” or “N” Leave empty when not available.	Y – Yes or T – True N – No or F – False
19	Address		100	Student address	
20	City		50	Student city	
21	Address State Code		2	Use standard U.S. Postal State abbreviations – e.g. CA for California	
22	Zip Code		10	Zip code	
23	Ward		1	Ward (Washington-only)	
24	Phone		14	Phone number	
25	Cell Phone		14	Cell phone number	
26	Email Address 1		200	Email address 1	
27	SSN		9 or 13	Social Security Number	9 digits – when SSN is available Leave empty when not available.
28	SSID		10	State Student Identifier	
29	GED 2014 ID		50	GED 2014 identifier	
30	HiSET ID		50	HiSET Identifier	
31	TASC ID		50	TASC Identifier	
32	NEDP ID		10	NEDP Identifier	
33	CalJOBS ID		12	CalJOBS Identifier	
34	Data Sharing Consent		1	Flag if consent was signed – e.g. “Y” or “N” Leave empty when not available.	Y – Yes or T – True N – No or F – False
35	ITIN		9	Individual Taxpayer Identification Number	9 digits. Leave empty when not available.

36	SSN Status		3	Status code for SSN	SSN – Has and provided SSN DNH – Does not have SSN DPS – Declines to provide SSN Empty when not available.
37	Preferred Name		40	Student Preferred Name	
38	Email Address 2		200	Email address 2	
39	Email Address 3		200	Email address 3
