# 4 Approaches to Remote Testing

- **1:1 Remote Control**
- **1:1 or Multiple Test Takers** -- test takers on **Windows 10 PCs**
- **1:1 or Multiple Test Takers** -- test takers on **Chromebooks or iPads**
- **1:1 Oral Responses**

Each approach has unique:

- **Detailed, step-by-step, scripted directions** provided in the **CASAS Remote Testing Guidelines** document and in proctor training.
  - The *Remote Testing Guidelines* use Zoom as an example.
- Detailed technical requirements for proctors and test takers

# New Directions in Remote Testing

- Some of the current remote testing approaches are **temporary** and will eventually be replaced by solutions that required more development time.
- **Possible New Directions**
  - Remote testing **up to 12 students at a time** using Approach 2 or 3 (pilot)
  - Remote testing of Listening, Reading and Math **on phones** (pilot)
  - **Integration of video conferencing into eTests -- in alpha testing**
  - Remote testing with **3<sup>rd</sup> party proctoring service**, depending on field interest
    - Please email [remotetesting@casas.org](mailto:remotetesting@casas.org) if interested in this.

# Reminders about Remote Testing

Remote testing with **NRS-approved tests** is only permitted using **eTests, not paper tests!**

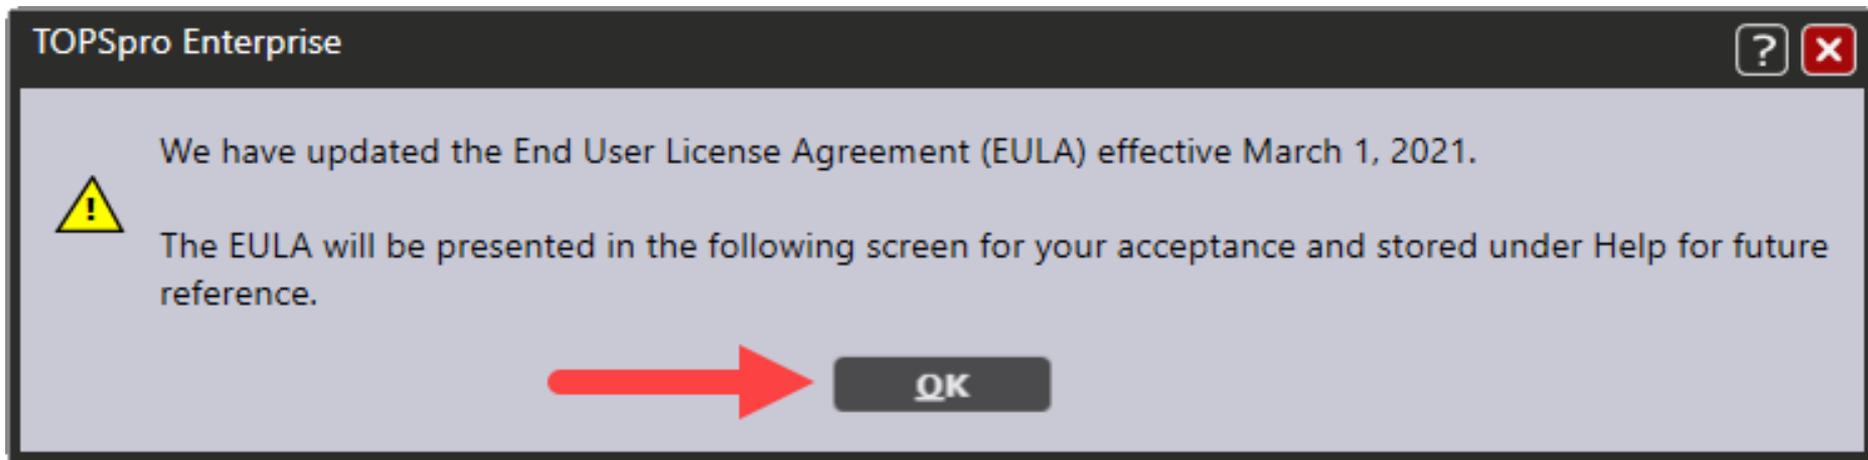

It is **NOT permitted** to:

- **copy, scan, or reproduce** CASAS paper tests
- **send** NRS-approved paper tests to students
- **record** the testing session
  
- Test takers **may not use Zoom virtual backgrounds or filtered backgrounds** -- so that the proctor can see the room.
  
- **Be creative – AND follow the Guidelines** to ensure test security.

# TE Data Transfer Wizard

## Purpose:

- Save time (and money!) onboarding new students.
- Avoid re-testing students who transfer to your agency.

## How?

- Agencies run a “wizard” in TE to request recent test scores and demographics of students who previously attended another agency.
- Data is transferred electronically from one agency to another using a confidential, encrypted data transfer.

# TE Data Transfer Wizard

How is this new data sharing feature useful?

- A student transfers to a new school just weeks after taking a CASAS test at a previous school.
  - Avoids over-testing
  - Immediate intake
- A workforce agency refers a student to a school for instruction/remediation.
- A state decides to share student data among agencies using the wizard.

# TE Data Transfer Wizard

- Help document with step-by-step instructions is available on the CASAS website:
